Lochos Mahabodhi School Ney

Venerable Sirs,

I am Anne-Marie Buschmann, I come from Germany and study social work in Nuremburg. My focus in my studies is international social work, therefore I would like to work abroad for a while. So I am very glad about the contact with Mr. Günther Endres, who told me about your project in Ney. He also told me a lot about the people, the countryside, the day-nursery, the cooperation with the Mahabodhi International Meditation Centre and the new school, which will start next year. It sounds very interesting and quite different from all I have ever seen before, but especially this fact I like.

Working with children I like very much and I got already experiences with children, through my jobs as babysitter and tutor. It would be great to deepen and broaden my experience by working with children in Ladakh.

I am sure I will learn many new things about being and working abroad, the people, the way of life in Ladakh and about myself, as well. On the other side I hope, I can make a contribution to your project with my work.

Please let me know soon if this can work out.

Yours sincerely,

Anne-Marie Buschmann

Dear Gunther,

Julay,

I met Rev. Sangasena and handed over the letter of ^{appreciation} ~~admission~~ in his office, which sent by you regarding the ^{application} ~~admission~~ of our school with the MIMC Devachen Choglamsar Leh. We had a ^{with the hon} ten minutes meeting and discussed the coming year's programme of our School.

He is very positive and keen to take sincere effort, and interest in our school during our meeting, he told me that he will write reply to you very soon.

As the appointment of Anne-Marie as teacher Rev. Nagasena the in-charge of the over all Education / MIMC told us that she will be welcome, but she has to under go a week long refresher course in the Mahabodhi Campus at Choglamsar.

So, you are requested to kindly contract Miss Anee-Marie to come to Ladakh after the winter vacation i.e in the month of May or June 2009.

The School is closed for winter vacation from today the 12th of December 2008. Rest are fine.

With regards and Julay.

Feb. 2009

Nach dem strengen Winter in Ladakh beginnen wir im Februar 2009 wieder mit den Aktivitäten zur Schule.

An unseren Hr. Tsewang, vom Verein vor Ort, sendeten wir unsere Vorstellungen von den Tätigkeiten am Schulprojekt für 2009.....

I will call you in a few days to talk about further topics as there are:

- Balanced account: please provide by end of February 2009 copies of the chartered accountant for 2008
- The heap of mud in front of the new school building is still there – when will it be removed?
- Clarify with MIMC what furniture for the school rooms is needed and order it
- Please clarify if there are also children from neighbouring villages interested in enrolling in standard one, especially from Basgo? A bus service will be made available at minimal cost.
- The volunteer teacher Anne-Marie Buschmann needs an English speaking person close by, therefore we asked Dorje Namgyal Fargo to care for her. Still we and she will be pleased if you, your relatives, friends and TWO colleagues give her a chance to get an intimate experience of Ladhaki life.
- Preparation of the festival on August 13: celebration of 4 years Kindergarden and opening of the school standard one – the members of the Thagchokling welfare organization get cheaper flights when booking quite in advance, therefore they want to be sure if the celebration incl. school opening happens in 2009 or not. What needs to get prepared until then? Please discuss together with Dorje Namgyal Fargo, as he shall care for the presence of the Rimpoche at the festival. Also we would like to discuss a draft of the agenda of the celebration day in advance. Some members of the German TCO are planning to participate and also are willing to give support in the preparations.

und einen Brief an die Mahabodhi Organisation.

German Thagchokling Charitable Organisation

Dear Most Venerable Bhikkhu Sanghasena,
dear Presidents and Managers of the Mahabodhi International Meditation Centre,

the German Thagchokling Charitable Organisation would like to celebrate the collaboration with MIMC and the opening of the Lochos Mahabodhi School in Ney on August 13, the memorial day of the visit of His Holiness, the Dalai Lama, at Ney.

As we agreed that MIMC is taking over the administration and the management of all school affairs, we want to align in the required activities to create a good start of the upcoming school year. Please let us know your plans concerning the following activities:

- Manage the Kindergarden according to MIMC principles:
 - assess and appoint teachers
 - introduce MIMC curriculum and principles
- Upgrade the Kindergarden to standard one
 - admission and enrollment of the children: selection, commitment of the parents – are there also children from neighbouring villages interested? (a bus service is available)
 - preparation of the kids for school discipline

- appointment of the teacher
- ordering of teaching material: books, uniforms, tables, ...
- Therefore an early meeting with the parents should
 - introduce the teacher
 - present the curriculum
 - inform about the schedule, current activities and further plans concerning Kindergarden and school

The TCO needs the following information in order to point out the state of the projects to the finance authorities:

- schedule of planned activities to make the school run
- name of the appointed teachers of Kindergarden and school
- is the construction of the upper floor of the school building or other building activities relevant for the budget 2009?

For our further collaboration please provide a direct contact person (and e-mail address) to Gunther in order to have a vital e-mail traffic for all related activities. Gunther will speak on our behalf.

We are pleased of your open welcome of our volunteer teacher Ms. Anne-Marie Buschmann. She plans to arrive in Leh at the beginning of May. Please give her potential dates when will there be a MIMC introductory course available for her.

We all hope that our common endeavor may only lead to success and blessings

Mai 2009

Mitte Mai 2009 war es dann soweit Frau Buschmann trifft in Ladakh ein.

Sie wird jetzt in unregelmäßigen Abständen Berichte verfassen. Diese werden dann immer im Internet auf www.ladakh-reisen.de und [http://www.ein-laecheln-fuer-ladakh.de/](http://www.ein-laecheln-fuer-ladakh.de) zu finden sein.

Juni 2009

Folgendes Bild ergibt sich vor Ort von unserem Projekt:

- die Balance Sheets für das gesamte Geschäftsjahr sind in Vorbereitung. Sie wissen, dass wir sie so brauchen.**
- Die Veranda des neuen Schulgebäudes wurde letzten Herbst nicht fertig gebaut, weil der Zement zu teuer wurde. Jetzt sind sie dran und wollen in 1 bis 2 Wochen damit fertig sein. Ich habe auf Annes Hinweis hin noch ein Geländer an der Treppe zum 1. Stock des Kindergartens angefordert.**
- Alle Gehälter sind bezahlt, auch die erste Rate des Busdrivers. 17.000 Rupies sind übrig, wir sollen Geld mitbringen. Wieviel benötigt wird, versuche ich rechtzeitig rauszubekommen.**
- Die neuen Uniformen sind angekommen und Anne findet sie gut, und auch die Sachen auf der Liste für die Schule sind von Tsewang alle gebracht worden.**

Die Kinder mit neuen Schuluniformen, Anne Buschmann eine weitere Praktikantin Louise, Hr. Tsewang und die Kindergärtnerinnen

- Es sind jetzt insgesamt 24 students, incl. 5 aus Bazgo. Daher muss der Busdriver oft zweimal fahren und wir brauchen bald eine tragfähige Lösung, sprich ein Darlehen für einen größeren Schulbus, mit dem halben aktuell üblichen Zinssatz oder so - geht das aus deiner Sicht oder gibt es Probleme?

- Anne wird demnächst noch Bilder schicken, auch von den Studenten, vorher ohne Uniform und jetzt mit Uniform

- Am 17. Juni wird es einen Besuch von Mahabodhi in Ney geben, ich will vorher noch eine eMail an die Kontaktperson dort schreiben und einen Status nachfragen.

- Und jetzt zum wichtigsten: Wie steht es um die Schule?

In diesem Jahr gab es eine erste "Upper Class Kindergarden", also die echte Vorschulklasse für die Schule. Dafür gab es auch die neue Lehrerin Zangmo (ich konnte aber noch nicht herausfinden, ob sie tatsächlich von Mahabodhi bestellt wurde). Und dass die Kinder darin gut sind, geht ja auch aus Annes Mail hervor.

Im nächsten Jahr (2010) kommen diese Kinder dann in die 1. Klasse Schule.

Mr. Tsewang wird im Juli mit dem Dorf und Mahabodhi ein Fest für den 13.8. vorbereiten, gemeinsam mit Dorjay, sagte er.

Und ich kann nur sagen, es ist dringend erforderlich, dass wir die Affiliation mit Mahabodhi feiern und damit die Wichtigkeit für uns alle bestätigen.

Damit geben wir dem ganzen erst den offiziellen Segen, insbes. du!

Und daher ist es unabdingbar, dieses Jahr zu feiern, auch wenn es "nur" die Vorschulklasse ist, die neu dazugekommen ist und nicht wortwörtlich die "Schuleinweihung" – andererseits

weihen wir das Schulgebäude ein und eben die Kooperation mit Mahabodhi, das ist das Wichtigste!

Juli 2009

Am 14. Juli 2009 erreichte uns ein Schreiben von Hr. Tsewang mit einigen Antworten auf unsere Fragen und einem Ausblick auf die folgenden Tätigkeiten am Schulprojekt.

Dated 14th July 2009

Dear Roland/Gunthar,

July. Due to my busy schedule with His Holiness Lochos Rinpochey since 26th June 2009, I could not send you E-mail . Now , His Holiness left for Delhi on 12th July 2009 after staying 15 days at Ney -Leh . During his stay at Ney, we had a detail interaction between His Holiness Rinpochey and the executive member of our society . and he is very very happy about the school, and wishes to develop further.

His Holiness appreciated Mr Roland's selfless contribution toward the progress of the school, and helping the poor villages children's for standard primary education . He also wishes to meet Mr Roland and said, if it is possible Mr Roland may come to Dharamshala on his way from Germany to Ney.

You know well, that the school is running smoothly with good member of children, and few children are coming to our school from Basgo also. The 2nd term of exam started from 4th July 2009 and with concluded 13th July 2009 . As per the MIMC the school will close for 15th days summer vocation and will re-open on 1st of August 2009 .

The required infrastructure , like additional class rooms removal of earth. Brest wall leveling of ground and renovation of old and new building is completed.

The teacher/staff salary and vehicle charges were paid up to ending June 2009. Celebration of 13th August 2009 programme is finalized and will celebrate with the cooperation of MIMC and villager.

The items of programme will presented to you when you reach at Ney.

Few days back , Mr Gunther contacted me on Phone and he asking me to give detail money required for running the school.

You know well, that all the school infrastructure is completed, so we don't need any money for the same. However, we need the money for payment of school staff salary, vehicle charges, contingencies and for other miscellaneous expenditure.. The total expenditure for the above cited items comes to approximately Rs. 3,45,000.00 i.e. 6300 E for one year.

Therefore, you are requested to deposit 7000 E in the account of society . the expenditure occurred up to date will be presuted to you at Ney.

With regards

Tsewang

Wir hoffen nun, dass unser Projekt die nötige Basis und Unterstützung erhält, um es ganzheitlich, dauerhaft und nachhaltig Fortzuführen.
